Sonic

The Sonic is the latest design incorporating a super smooth single concave, low entry and a clean continuous rocker profile. The progressive surfer will instantly see where this board fits into the quiver.

The board has a full template but the nose of the board is pulled in a bit toward a traditional shortboard width to minimize swing weight. The round tail and width are designed to get you up and down the line quickly while floating through flat sections with ease.

This board has a bit more concave than usual at 3/8" of depth and has a slightly flatter deck. As a result you get chunks of lift and speed from the deep concave but forgiveness from the stability that comes from the flatter deck.

LENGTH	WIDTH	THICK	VOLUME	FINS	APPROX WEIGHT RANGE
5'6"	18 3/4"	2 3/16"	24 ltr	FCS M5	0-132lbs (0-60kg)
5'9"	19 1/2"	2 5/16"	27 ltr	FCS M5	143lbs (65kg)
6'0"	20 1/4"	2 7/16"	31 ltr	FCS M5	154lbs (70kg)
6'3"	21"	2 9/16"	36 ltr	FCS M5	165lbs (75kg)
6'6"	21 3/4"	2 11/16"	40 ltr	FCS M5	176 lbs+ (80kg+)
